# Race Report

Two races were staged, the first at 12:00 and the second at 14:00. There was a fair breeze of about force two at the start of the first race with the beat set from buoy 1 to 5. The wind was much lighter for the second race.

On the results table there are ten registered competitors. In fact we had a visitor Paul Cullen with his new Fireball 14783. Paul finished first in the first race and second in the second.

Mike and Jean Jones joined the last race to make a fleet of three Fireballs.

The temperature remained around freezing throughout the day. Everybody enjoyed the carrot soup for lunch and the mulled wine and mince pies provided by Jane and Sabina.
